

ARMENTIERES HAS BEEN ABANDONED

LOST CITY OF NO GREAT IMPORTANCE IS BELIEF

BRITISH FELL BACK ABOUT FOUR MILES NORTHWEST OF APEX IN DANGEROUS ANGLE AT ABANDONED TOWN

ASSAULTS REPULSED BY FRENCH

Crown Prince Rupprecht was continuing his northern offensive today on the entire 20 mile front from La Bassee canal to the Ypers-Comiens canal. In making this announcement Field Marshal Haig reported there was particularly severe fighting along the Lawe and Lye rivers from Lestreme to Armentieres. Armentieres, only a pile of stones and brick and of no strategic consequence, has been abandoned because of its position at the apex of a dangerous salient. Haig said there was considerable gas shelling when the British withdrew. North of Armentieres heavy fighting continued until late at night.

HAIG'S REPORT

By United Press
London, April 11.—Field Marshal Haig today announced the withdrawal of the British forces from Armentieres. "We have withdrawn from Armentieres," Haig said. "The battle is continuing on the whole front from La Bassee canal to the Ypers-Comiens canal. There was severe fighting in the neighborhood of the Lawe and Lye rivers and near Lestreme. North of Armentieres there was a little change. In the neighborhood of Ploegsteert, Messines and Wytschaete there was heavy fighting until late last night."

By William Philip Simms
With the British Army in France, April 11.—The Germans have reached the neighborhood of Steenwerck (4 1/2 miles west of Armentieres and 6 miles north of the Lye river.) The enemy is also reported to have reached the edge of the Festina forest (4 1/2 miles south and west of Steenwerck) and the eastern half of Ploegsteert (just outside of the ruins of the village of Messines in Wytschaete.) At 9 o'clock this morning German artillery began firing on Mortisart and Englebelem. A new salient was established north of St. Mar. Once the enemy occupied La Creche, Nieppe, Messines and Wytschaete but a British counter attack drove them out.

THE FRENCH REPORT

By United Press
Paris, April 11.—German attacks against the Franco-American sectors in the Champagne and Lorraine were repulsed. The French war office announced today. East of Souain (near Tahure) where American artillery is stationed German attacks were repulsed. The statement said. German attacks failed in the Apremont forest 4 miles east of St. Meheil the French statement said.

ENLISTS, SUED FOR DIVORCE

(By United Press)
Pendleton, Ore., April 11.—Even cowboys and cowgirls disagree on the war. Charging desertion, Bertha Blauvelt, the west's best known cowgirl and repeated winner of the women's world's championship for broncho riding, today has a divorce suit on file against Dell Blauvelt, her rider, roping and bulldogger, now a Canadian forces.

The Blauvelts, who own large ranch properties, have appeared all over the west in Round-up and Frontier Day competitions, always winning high honors by risking their necks subduing fractious horses and wild steers.

HAWK RUN VOLUNTEER WOUNDED BY SHRAPNEL

John Francisco, a young Slav, whose widowed mother lives at Hawk Run, was wounded with shrapnel in an engagement with the enemy in France. A telegram from the War Department to his mother, received a couple of days ago, stated that he was seriously injured in the leg and arm and will be returned to his home as soon as his condition permits.

Young Francisco, whose father, Mike Francisco, is dead, was one of the first of the Morris township boys to volunteer his services to the government in the war with Germany. He enlisted shortly after the declaration of war.

Morrisdale and Hawk Run folks who are acquainted with the young soldier speak very highly of him and of his former life in the township.

SWOOP HEADS P. O. S. OF A COMMITTEE

Hon. Wm. I. Swoope has been notified of his appointment as chairman of the P. O. S. of A. committee of the Public-Safety committee of Pennsylvania.

The Patriotic Sons of America of which Mr. Swoope is prominent member is one of the foremost patriotic organizations in this nation and their assistance in the Liberty Loan campaign and all other governmental activities has been very much felt and appreciated.

Mr. Swoope will have as his assistants P. S. Richner, of Clearfield, Mr. William Clyde of DuBois, Blaine Norris of Olanta and Charles Keatley of Brinsin.

LOAN RALLY AT GRASS FLAT

A monster patriotic Liberty Loan meeting will be held at Grass Flat tomorrow evening at which Father Fischer of Morrisdale and two speakers of Clearfield will deliver addresses. A band will help to enliven the occasion which will be the opening gun in the Liberty Bond campaign among the miners of that vicinity. Although the miners have not as yet been solicited there is every indication that they are going to be "right there" when it comes to taking the bonds.

DRAFTEE BADLY INJURED

Roy Albert, of Morrisdale, one of the young men in the list of twenty selected to go to Camp Lee during the week of April 26th, suffered a compound fracture of one of his legs and was otherwise severely injured in an accident at the mine where he was employed.

He is now a patient at the Cottage hospital, Philipsburg.

SAVAGE A CANDIDATE

Matthew Savage, editor of the Public Spirit, is the Democratic candidate for the office of State Senator from this county.

8452 HAVE MADE FLOUR REPORT TO DATE

Tabulated Figures Show Average Of 17 Pounds Per Person Independent Of Mills, Etc

FLOUR SUPPLY IS ASSURED

County Food Administrator John F. Short has completed his flour survey of Clearfield county under his instructions from State Food Administrator Howard Heinz of Pittsburgh and in accordance with the Federal provisions governing such survey.

Food Administrator Short and his clerical force have thus far succeeded in tabulating 8452 reports and the knowledge gained from these papers show that the flour situation in our county is highly satisfactory.

The 8452 reports thus far tabulated represent 48,776 people and show that for the feeding of this total 796,112 pounds of flour were on hands when the reports were made during the past thirty days. This means that there were on hands a fraction over seventeen pounds of flour for every man, woman, and child represented. As the Federal regulations prescribe but two pounds of wheat flour per person per month it will be seen that there is flour enough in the hands of these householders to last for at least three months or until July 1st under the fifty-five regulations.

The reports tabulated by the Food Administrator are from householders only and do not include the stock on hand of stores, bakeries, mills or wholesale flour dealers. Which is further evidence that there is no question about Clearfield county people being willing and able to hold out on the government's wheat-saving campaign until the 1918 wheat is harvested and available.

RED MEN INSTALL OFFICERS

District Deputy Great Sachem H. P. Faulkner of Philipsburg was here last night installing the following officers in the local tribe of Red Men: Prophet—S. I. Sankey. Sachem—Rex Fauver. Senior Sagamore—M. M. Condon. Junior Sagamore—Guy Graham. Chief of Records—Harry E. Owen. Collector of Wampum—Chas. I. Shugarts.

Keeper of Wampum—J. W. Merrey. 1st Sannap—Howard Bamber. 2nd Sannap—Fred Shugarts. Guard of Forest—E. McFarland. Guard of Wiggam—J. D. Cairns. 1st Warrior—Al Holt. 2d Warrior—Wm. Irvin. 3rd Warrior—C. C. Merrey. 4th Warrior—Robt. McLain. 1st Brave—P. J. Turner.

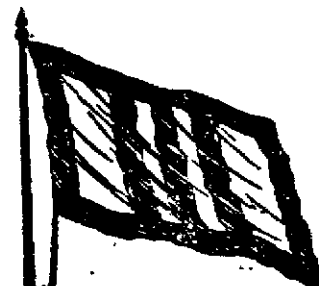

After the installation of officers the tribe received from committee a beautiful service flag showing 50 members in the U. S. Service and voted to take \$1500 of the Third Liberty Loan Bonds. Since the fire the Tribe has been comfortably located in the K. of M. Hall.

WANTS SUPPORT ORDER

Ray Woodel has been cited on petition of District Attorney John C. Arnold to appear in court April 29th and show cause why an order should not be made directing him to pay a certain sum monthly toward the support of his wife, Margaret Woodel.

The young man was found guilty of desertion in the Clearfield courts in May, 1911, and directed to pay his wife \$10 per month. He hasn't been cashing up, hence the move to secure payment.

LIBERTY LOAN HONOR FLAG

TODAY'S CASUALTY LIST

Washington, April 11.—The casualty list issued today by the war department contained 124 names divided as follows: 1 killed in action; 2 died of wounds; 5 died of accidents; 13 of diseases; 69 severely wounded; 30 slightly wounded and 4 missing in action.

U. S. ARTILLERY BEATS BACK A GERMAN ATTACK

By United Press

With the American Army in France April 10.—A carefully prepared German attack in the sector northwest of Toul was crushed by the prompt and efficient fire of American batteries. The Germans who were taken prisoner declared the Germans in the party numbered 400 and that they were stunned by the American fire. The attack was preceded by a tremendous German barrage. The American guns replied immediately. There were no American casualties.

SUGGEST SUGAR SUBSTITUTE

(By United Press.)

Washington, April 11.—A sweet, gum-like product from palm juice, used in some portions of Central and South America, has been suggested here as a substitute for sugar. Experts are of the opinion that it would be a little difficult to bring it up to the grade of cane or beet sugar, however. They claim, however, that, if the sugar shortage gets serious, the product will be investigated thoroughly.

Negotiations for a sugar credit of \$100,000,000 have just been completed for Cuban planters and worked out under the direction of the International Sugar Committee. Cuba's crop is estimated at 3,250,000 tons. The committee has secured contracts for 2,500,000 tons and options on the balance of the crop.

NOT MANY GERMANS RESIDE IN ST. LOUIS

(By United Press)

St. Louis, April 11.—St. Louis has a smaller per centage of German born residents than many other large cities of the United States, despite a prevailing opinion to the contrary, according to statistics compiled by the Chamber of Commerce.

Instead of "the most German city" in America the chamber of commerce calls it "the most American city in the country."

According to the figures St. Louis foreign born comprise only 10 per cent of the population as compared with 33 per cent in Detroit; 31 in Cleveland, 35 in Chicago and 35 in Boston.

The per centage of German born in St. Louis is 6.9, Chicago 8, Cleveland 7, Detroit 8, Milwaukee 17, Buffalo 10, and Cincinnati 7.

PIE SOCIAL

To be held at the West Side Hotel House Friday evening, April 12, for the Poochontas Lodge. Bring your friend along. A11-2t-eh

MICKIE SAYS

NICKEL ALLOYS EMPLOYEES SUBSCRIBED

Every Man Approached Yesterday Bought Liberty Bonds, Total Reaching \$10,000

FOUR GIRLS ALSO TAKE BONDS

The employees of the Nickel Alloys company at Hyde City not only believe in assisting the government by the manufacture of first class materials on the government merchant iron, etc. they are daily turning out but are behind Uncle Sam to the last man with their good hard earned dollars.

Yesterday was the day set by the Liberty Loan committee to visit the Nickel Alloys company plant for the soliciting of contributions to the Third Liberty Loan in accordance with this program a committee consisting of Rev. Dr. E. C. Reeve and Walter Welch, Esq., as speakers, and ex-Mayor Hobart Callahan and Otis Knepp as solicitors visited the big plant at Hyde at the noon hour. A speakers platform was improvised in the office at the hotel or company boarding house and the speakers started right in on their story, giving in impassioned eloquence just a few of the many reasons why every American citizen should lend his dollars to Uncle Sam at this critical period in the world's history.

At the conclusion of the speech-making the solicitors got busy and "bang" is the correct word to use in this case because that soliciting committee of hustlers starting in at 12:30 never stopped until 10 o'clock last night and when they counted up their subscriptions found they had a total of more than \$10,000 subscribed with some thirty or forty men yet to canvass.

Not a single employee refused to take a bond while some took two or three. The list of subscribers contain not only the name of every man approached but in addition thereto the water boys and the four young ladies who were present at the boarding house also enrolled for a bond.

The soliciting committee will continue their labors today and hope to "hook" up the two score men they could not reach yesterday. This total of \$10,000 was subscribed entirely by the employees of the Nickel Alloys plant alone and does not include the subscription of the company itself which will be secured by the committee on corporations later in the campaign.

The Nickel Alloys company and their employees have set a fine mark for Clearfield industries and employees in this patriotic movement and are fully deserving of the great praise accorded them on every hand.

Such unanimous response certainly guarantees the third Liberty Loan going over the top with a whoop. Meetings were held at noon today at the Clearfield Clay Working company's plant and the Pine Tree Foundry of the Clearfield Machine shop in the Second ward.

A Liberty Loan meeting was conducted Tuesday afternoon at the Textile mill. W. I. Betts addressed the meeting and Mrs. Warren Partridge made a few remarks. The subscription campaign will be taken charge of by Mr. Glynn superintendent of the mill.

Mr. Callahan reported since dinner that his committee had finished their labors at the Nickel Alloys plant this morning and succeeded in getting more than \$8,000 worth of subscriptions to add to yesterday's total. They made 150 separate sales among the workmen and have a long yet to see and expect the final total will easily go \$15,000, which is certainly some fine showing.

MARRIED SOUTHERN GIRL

James S. Young, a son of George Young, of Kylesburg, and a member of the Coast Artillery Band at Fort Morgan, Alabama, was married to Miss Josephine Fenahan, a popular Mobile, Ala., young lady, on March 26th last. Young is a recent recruit and the wedding followed a brief courtship.

THE LIBERTY LOAN

By James J. Montague

Three cheers for the army of dollars,
That pours from the tills and the banks,
And falls into line to help your cause and mine,
In glimmering, shimmering ranks.
An army that numbers three billions,
Enlisted to fight for the right;
A force that will show to an obstinate foe
The weight of America's might!

It comes from the mill and the market;
It comes from the rich and the poor;
From city and town it is hurrying down,
That the land that we love may endure.
And while our young legions are fighting
With Yankee-like courage and nerve,
Behind their brave line, as it moves toward the Rhine,
Is massing the Dollar Reserve.

Turn out and recruit for the army!
No good honest dollar must skulk;
Pass forward the call! there is need for them all!
Your job is to get them to work.
For never since dollars were minted
Have they had such a glorious chance
To be of real worth to the peoples of earth
As they have with our army in France!

LYNN, MASSACHUSETTS, FIRST BIG CITY TO SUBSCRIBE ITS QUOTA

By United Press

Washington April 11.—Liberty Loan subscriptions have already reached the \$400,000,000 mark according to conservative estimates compiled here early this afternoon from official treasury department figures. Eight of the 12 federal reserve district have reported subscriptions of \$212,500,235 up until the close of business Tuesday. The Dallas, Minneapolis, Rich-

mond and Philadelphia districts have made no report. To guard against over optimism as to the outcome the treasury department will announce each day the actual subscriptions to the loan. More than 600 communities, most of them small, have asked for honor flags and the treasury department is anxious for some of the big cities to request one. Lynn, Mass., is up until the close of business Tuesday the largest city thus far to go "over the top" with \$100 City, Iowa, next.

SPEED IN PRODUCTION ESSENTIAL TO VICTORY

Industrial Efficiency Will Protect Lives of Our Boys in the Trenches.

Industrial efficiency and economy will play as important a part as military organization and genius in determining the outcome of the war, according to Frank A. Scott, chairman of the War Industries Board, which has charge of government buying and supervision over the general industrial activity incidental to the prosecution of the war. "The preparatory stage of the war has passed for this country," says Mr. Scott, "and the time has arrived when every resource, human and material, must be placed at the disposal of the government."

"If it can be said there has been a preliminary stage of our share in the war it is over now," says the government's industrial director. "Our troops are already in France, and we have begun the actual raising of a huge army here at home to be sent abroad when the time is ripe. We have passed the period of expectation."

"Efficiency and economy in production and distributing the government's requirements are as necessary to success as courage and intelligence in battle. The slacker at home is as contemptible a figure as the coward in the presence of the enemy. The luxuries of peace must give way to the necessities of war."—Industrial Conservation, New York.

Heavy Satin.

Perhaps you have been a bit worried when you have read that before long we may be asked to refrain from buying woolen coats and frocks. Don't worry. One of the things promised for spring is a very heavy double-faced satin. It is to be used largely for coats and is made in such combinations as dark green and drab, claret and black and blue and black. It makes one quite resigned to the fact that wool is scarce and that it is a patriotic thing as soon as the weather moderates to forego its use as much as possible.

Black Is in Evidence.

Have you noticed how much black appears in the necessities of our dress nowadays? Many of the newest handkerchiefs are printed with black designs on a colored ground or a black and colored design on a white ground. Then, too, we see black ribbons in some of the elaborate lingerie, and sometimes black lace in boudoir garments of coloredorgette or chiffon.

Plaited Collars.

The latest effect in plaited collars of fine muslin show deep hemstitched frills falling from a high, close neckband and fastened in front with little narrow, close ties of the hemstitched muslin, rounded on the ends. The accompanying cuffs have no plaiting, but merely bands, like the ties, to be drawn around the frock sleeves at the wrist and tied in the little bows.

ARMY NURSES ARE LEARNING TO PUT IN AN UPPERCUT

By L. R. Blanchard

(United Press Staff Correspondent)
Chicago, April 11.—Camp Castle, Mich., today has 120 boxers who have dropped wand drills and dumb bell exercises for the more athletic glove game. They are nurses in the base hospital, attached to the 5th division.

One knockout and one injured was the result of the first "sparring" session. One boxer, succumbing to the results of a co-worker.

Charley White, Chicago boxer, a former instructor here, said that every pupil in the nurses class had wicked left.

"Their uppercuts are good, but a natural blow," said Charley. "The lefts are more natural for them than for me," but they can't land a straight one, "when they try that the result is always a 'haymaker'."

"The girls from the farm are bicker than those from the city and they may explain why eight out of nine decisions at our first show went to country girls."

White started the nurses' boxing class more than a month ago, the young women asking for it on the grounds that they could protect themselves against atrocities as the Germans have perpetrated in Belgium and France.

Posing, rope skipping, shadow boxing, bag punching and shot boxing bouts constitute the training program. Only four of the number beginning the work have dropped out. "It's been good for them," said White. "Some of my star pupils could give boys from the other classes a tough battle."

VISITING CLEARFIELD FRIENDS

Boyd McCullough, son of Mr. and Mrs. Geo. L. McCullough, of Tyrone, and a former Clearfield boy, is visiting in town while home on a furlough from Camp Hancock, Augusta, Ga., where he is enlisted in the cavalry.

GOES TO CAMP LEE

John T. Beahan, son of Mr. and Mrs. John Beahan of Walnut street, leaves tomorrow for Camp Lee, having been inducted into the National Army through Chief Clerk Bain, of the Local Exemption Board.

TOP NOTCHERS WHOM WE KNOW

Clearfield readers of the Saturday Evening Post have noticed the interesting articles of Carl W. Ackerman and William G. Shepard on Mexico, Germany and Russia. These men are not strangers to Clearfield readers as previous to their going with the Saturday Evening Post they were staff correspondents with the United Press association and their names almost daily headed news cables from Petrograd and Berlin. It was during their term of service with the U. P. that they secured the information and training which now enables them to visualize the international situation. Before our entrance into the war Carl W. Ackerman was the United Press correspondent in Berlin and we received daily cables from him. William G. Shepard was the United Press correspondent in Petrograd during the revolution and performed a like service. When we open the Saturday Evening Post and find the names of these two gentlemen it is like meeting a friend and we know that because of their training they are reliable writers.

FISHERMEN BEWARE

Attention, trout fishermen! Will you or will you not be violating the fishing laws of the state if you have in your possession at any one time more than 25 of the combined species questioned for the sportmen of the state to solve and for safety it should be solved before the season opens next Monday morning. Recently some sportmen went carefully over the new fish laws and discovered that the law states plainly that it shall be unlawful for any one "to have in possession more than 25 of the combined species of trout in any one day."

Of course every one understands that the limit in numbers for a single day's catch this year is 25 instead of 40 as has been the limit in numbers for a single day's catch this year is 25 instead of 40 as has been the limit in the past. But this phase of law will make it troublesome and most inconvenient for those who go fishing for more than one day and enjoy any luck. They can catch as many as they please so long as they do not violate the days limit, but can they bring their fish home? The law says not. It reads and in very plain English that it shall be unlawful to have in possession more than 25 trout in any one day.

It is the opinion of most sportmen that the intent of the law is not to prevent fishermen from catching more than 25 trout and bring the same home, but to prevent the catching of more than 25 in any one day. However fishermen have no authority to interpret the laws. In reply to a letter written to Nathan R. Buller, state fish commissioner, that official says:

"The department acknowledges receipt of your favor of March 28 in reference to Article V, Section 35, and in reply beg to advise that this department does not interpret the laws as that is a matter for the courts. In the opinion of the department the safest plan is not to have more than 25 trout in your possession at any one time."

So says the state fish commissioner.

Now what are the fishermen going to do about it? The peculiar thing about the whole affair is that the laws of 1915 which specified the day's limit as 40, was worded in precisely the same manner and no one ever questioned the meaning of the law.

VARIOUS RUMORS

One who permits a parentless rumor to disturb his serenity is wise. This is a time when propitious stories are invented and circulated most every day. Many of these are invented by agents of the Kaiser, but some are the product of practical jokers who lack common sense, or of persons who have a taste for creating excitement in the country. Every now and then the newspaper telephones were kept in motion for hours because somebody has invented and put in circulation a startling rumor of some sort. And the people are greatly excited. It is a pleasure to observe that the federal government has repudiated the report that bits of glass have been found in flour or bread. Presently we expect to hear that the story recently circulated about ruined aeroplanes was without foundation. It is a great pity that thus far the person who starts these tales has not been identified, captured and exposed.

PREVENT IT

Every day the possibility of an epidemic of smallpox in Clearfield comes a little bit nearer and should this city escape without a case it will indeed be miraculous. Yesterday in the news column we made some observations and suggestions which have struck a responsive chord in the opinion of many of our citizens. We are assuming, of course that the smallpox now prevalent in our vicinity was brought to us by the colored men who came here from the south. If this presumption is correct and there is no evidence to the contrary, it would now seem to be an unreasonable thing to expect the board of health to look after the source of the trouble before forcing ten thousand or more people to vaccination. We believe in vaccination and will uphold the board of health in any measure they see fit to enforce but we also believe that the vaccination of every southern negro will go along way toward preventing an outbreak here. There should also be an understanding with the employer of this labor that all newcomers must be vaccinated before they arrive here. If this simple precaution were taken we would not have a small pox epidemic.

A NEW TUNE

Every man or woman who has attended patriotic rallies in this county has had his or her nerves badly upset about the time the audience began to hit the high spots in "America" our beloved patriotic hymn. Sometimes the beautiful notes and words would die out altogether and then some brave souls would come to the rescue when another level spot in the music was encountered. To get away from this ordeal a new tune has been arranged for "America" and it bids fair to becoming as popular as the old one. Copies of the new music will

HAPPY AMERICAN WARRIORS IN FRANCE

These cheerful Americans have just returned from the first line trenches, where they have been under fire of the Boche, to the mess house for their dinner. Neither the poor facilities for eating nor the guns of the Germans can rob them of their cheerfulness.

DR. THOMAS S. MARCH WILL HEAD GREENSBURG SCHOOLS

Greensburg, Pa., April 10.—The Greensburg school board elected Dr. Thomas S. March of Harrisburg, superintendent of the public schools here. Dr. March is one of the state high school inspectors and was formerly superintendent of the local schools. The salary was raised from \$3,000 to \$4,200. Dr. March is a brother of Gen. Peyton C. March, chief of staff of the United States Army.

Dr. March is a former Principal of the Leonard Graded schools here and is well and most favorably known here. His wife was Miss Jennie Bridge, member of a well known Clearfield family.

be sent without charge except for postage if our readers will address "America" Distributors, 134 Broadway Brooklyn N. Y.

APRIL SNOW DRIFTS

Snow drifts six and eight feet deep as late as April 11th are not a common sight in Clearfield county but Constable H. L. Bowman who was one of the drivers of a fleet of Ford automobiles driven from Indiana to Clearfield yesterday for Councilman Williams' Ford agency here is authority for the statement that the drifts encountered many such drifts yesterday.

Walter Flegal, son of Mr. and Mrs. H. J. Flegal, is a patient in the Clearfield hospital, suffering from an attack of pneumonia.

CANDIDATES HERE

John Richelsen of McKean county, candidate for Congress, and O. R. Miller, a newspaper man of Bradford, were in our city today. Leaving here they will visit Philipsburg and Bellefonte.

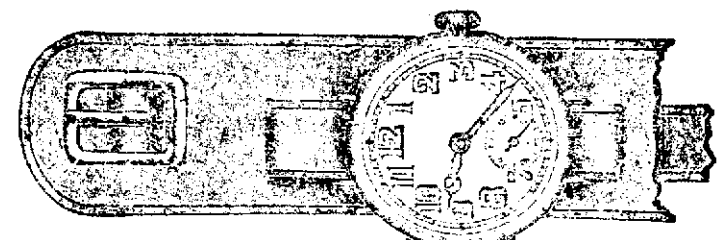

A FARMERETTE BRINGING IN THE CORN

This farmerette is actually at work, rough work, as may be seen from the picture. She is proving that some women can do heavy work on the farm. She was city bred and did not know till a few weeks ago what a farm was, but it did not take her long to learn she could do real work, and she is going to stick it out till every crop is harvested. Maybe she will never return to the city.

Why Pay \$80 When \$30 to \$45 Is Enough

There's one thing we've been doing for a great many business men in this town that more men ought to know about.

We've been saving money for them on their clothes; they're getting the quality here that they paid their tailors much more for.

They thought they couldn't be fitted in ready-made clothes—maybe not in some—but they found they could be fitted perfectly here in Hart Schaffner & Marx clothes and that they could save enough money to buy more Liberty Bonds and War Savings Stamps.

Try it; if you like the style and fit of the clothes, all right; if not, it doesn't cost you a penny.

HOT WATER THE BEST LIVER AND BOWEL MEDICINE

Says glass of hot water before breakfast washes poisons from system

Physicians the world over recommend the inside bath claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health while the pores in the ten yards of bowels do. Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it as a harmless means of helping to wash from the stomach, liver kidneys and bowels the previous day's indigestible material poisons, sour bile and toxins; thus cleansing sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quart of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of renowned results both in regard to health and appearance.

TRUSTEE'S SALE OF PERSONAL PROPERTY

By virtue of an order of the Federal Bankruptcy Court there will be exposed to public sale in the store building formerly occupied by Charles Wrye, in Morrisdale, Clearfield county, Pennsylvania, all the personal property of Charles Wrye, the bankrupt on Monday, April 15, 1918 at 11 o'clock a. m. The said property consisting of a large stock of general merchandise, groceries, etc., together with store fixtures. Terms cash.

A New Local Service for Motorists

Timken Roller Bearing

Hyatt Roller Bearing

New Departure Ball Bearing

To provide motorists and others interested in automobile service work in this section with prompt, expert dependable service on bearings, we have established an authorized local service station for the Bearings Service Company.

The Bearings Service Company is the national service representative for the Timken Roller Bearing Company, Hyatt Roller Bearing Company and New Departure Manufacturing Company.

Supplied with authentic engineering records by these manufacturers and having immediate access to complete stocks of new bearings—not reground or second hand stock—we can provide service in which you can place absolute confidence—a bearing service that is exact, dependable and prompt—one that will make it unnecessary for you to be without the use of your machine pending the receipt of bearings from far off factories.

UTAH MURDERER TO BE EXECUTED BY THE FIRING SQUAD METHOD

Salt Lake City, Utah, April 11.—The old saying that "murder will out" was perhaps never better illustrated than in the case of Howard DeWeese, who will soon be led before a firing squad in the Salt Lake City prison to be shot to death for the murder of his wife. After a legal battle lasting many months the judgment of the trial court has been affirmed by the higher court, which means that DeWeese must suffer the penalty for his crime. The Utah law gives a convicted murderer the choice of execution by hanging or shooting. DeWeese has chosen to face a firing squad in preference to meeting death on the gallows.

DeWeese owes his arrest and conviction wholly to that mysterious something which so frequently impels a person guilty of murder to divulge his own crime. Had he been able to banish from his mind the recollection of his bloody deed he probably would still be at liberty. But day after day and night after night the memory of his crime so preyed upon his mind that at last he was irresistibly impelled to surrender himself to the authorities. Up to the time of his voluntary surrender the police were wholly without a clue as to his whereabouts. In fact, the murder of which he was accused had been virtually listed among the "unsolved mysteries."

It was on September 20, 1916, that DeWeese and his wife arrived in Salt Lake City and rented an apartment under the names of Mr. and Mrs. D. C. Robbins. But little was seen of them until DeWeese was seen leaving the place early on the morning of September 22. Two days later the proprietress of the house, feeling concerned at not seeing her tenants and suspecting that something might be wrong, unlocked the door and entered the room.

The landlady was horrified at what she discovered. The body of Mrs. DeWeese was found lying on the bed, partly covered with the bed clothing. A flatiron with a cloth wrapped about it was lying at her head. The woman's head was badly beaten, her face was crushed, and the blood of the victim had splattered the bed clothing and the walls of the room.

Everything possible seemed to have been done to destroy evidence of the identity of the parties. The face of the slain woman had been crushed and beaten beyond all recognition, and the room had been stripped of everything that could throw light on the identity of the persons who had rented the apartment or the person who had committed the murder.

Suspicion naturally rested upon DeWeese, who had disappeared and left no trace behind. In their search for the suspected murderer the police were handicapped by their lack of knowledge concerning the identity of the couple and their previous movements. Even their description of DeWeese was of the most meager sort. What few clues were obtainable were followed but without result.

Search for the suspect had been virtually abandoned when, on December 22, exactly three months after the commission of the crime, DeWeese walked into detective headquarters in Chicago and communicated to those in charge the fact that he was the husband of the woman who had been found murdered in Salt Lake City.

One of the most peculiar features of the case is the fact that DeWeese has never admitted the murder and still protests his innocence of the crime for which he has been sentenced to death. The story which he told the Chicago police and which he repeated at his trial in this city was to the effect that his wife was murdered by someone unknown during his absence from the apartment. According to his story he had long been engaged as a professional thief and burglar. On the night of the crime,

he left the apartment before midnight to engage in a burglary expedition. Upon his return in the early hours of the morning, according to his story, he found that his wife had been slain, presumably by a thief who had entered the apartment in search of valuable jewelry possessed by the couple, and which he declared was missing after the crime. Fearing that he would be accused of the murder, DeWeese said that he left Salt Lake City by the first train.

Notwithstanding the story told by DeWeese on the stand, and the fact that the prosecution possessed little direct evidence against him, he was found guilty by the jury and sentenced to death by the court.

CLEARFIELD COUNTY "WOOD HICK" LOCATED WRONG LOG

Harleston S. C. April 11.—"Alligator hunting" has become the popular amusement of the U. S. marines now in training at Paris Island, S. C., near here.

While doing "patrol duty" on the island a few days ago, a squad of "seabirds" saw what appeared to be a gray-green log lying on the edge of a swamp. Closer investigation caused the "log" to turn and with a mighty splash a huge alligator lunged back into the swamp.

The marines made a diligent search for the "gator," but failed to locate it. After darkness fell, however, they returned with sticks and clubs of all sorts and proceeded to "beat up" the swamp in true alligator hunting style and finally succeeded in capturing and killing the alligator.

The incident caused a great deal of excitement about camp and now there is an "alligator party" held almost every night.

So far three of the alligators have fallen victims to the wily marines.

The fellow who discovered "the log" was a former Clearfield county wood hick, but for obvious reasons he don't want his name mentioned.

MARRIED

At the home of H. S. Hummel 705 Dorey street John W. Houser and Ethel R. Duff were united in marriage April 10, 1918, by Rev. B. J. Hummel present pastor of the Woodland charge.

GLASS OF SALTS CLEANS KIDNEYS

If your Back Hurts or Bladder bothers you drink lots of water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your boots clean, by flushing them with a mild, harmless salt which removes the uric acid waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid waste so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking and no doubt you will wonder what became of your kidneys trouble and backache.

Your Bond May Bring Him Home in Safety

The supreme tragedies of war are not enacted on the battlefield, but in the home.

Above the shouts of command and encouragement, the roar and shock of the great guns, and all the swelling tumult of battle which bear the husband and father to a hero's grave and a martyr's glory, there rise the weeping of the bereaved wife and the cries of little children deprived of a father's love and care.

American fathers are now on the battlefronts of France. Many must fall; how many depends upon us who remain safely at home.

A single Liberty Bond will help to save a soldier's life, your soldier's life, and bring him home in safety to those who hold his life far more precious than their own.

CLEARFIELD COUNTY BOY DIES AT CAMDEN

Thomas J. Bloom, son of Mr. and Mrs. Curtis Bloom, of Olanta, died at his home in Camden, N. J., on Easter Sunday, March 31st, 1918, as the result of an attack of diphtheria, after an illness of two weeks duration.

The deceased is survived by his wife, who was Miss Ellen Flood, of Odessa, and his sorrowing parents. He had resided in Camden for about two years and at the time of his death occupied a position as foreman at the government shipbuilding plant at Hog Island.

He was a sober, industrious, good citizen and his host of Clearfield friends sincerely regret his demise. Interment was made in Camden cemetery on the Tuesday following his death.

A St. Louis hotel is believed to be the first in the country to employ negro girls as "bellboys" and elevator conductors.

NOTICE TO RESIDENTS OF WOODLAND

Several new cases of small pox have developed in your town and the last victims moved freely about the town while the disease was developing. Many of the inhabitants have been exposed by contact. The condition is serious. In order to prevent a further spread of this loathsome disease it is imperative that every body gets vaccinated. Go to your physicians at once and get vaccinated. By so doing you will be free from the danger of acquiring this frightful scourge which is in your midst.

Should there be a further spread drastic measures will have to be instituted to control the situation.

By Order of State Health Authorities.

NEWS OF OUR NEIGHBORS CURWENSVILLE

On Tuesday evening, April 9th, Bethesda Lodge No. 821 Independent Order of Odd Fellows installed their officers to serve for the next six months.

Past Grand J. D. Hame, the newly elected District Deputy, Grand Master, was in charge of the installation which was performed in a very creditable manner.

In the interest of food conservation the usual banquet following these ceremonies was not held and instead the lodge participated in a smoker given by the retiring and installed officers.

Clarence Ammerman is home from Camp Lee, Va., on a short furlough with his mother and other relatives. Butler's looking fine.

In the passing of Joseph Parker Robinson, Curwensville has lost one of its most esteemed citizens. He passed away last Monday at the ripe age of seventy-six years, one month, and twenty-three days, having been born February 15th, 1842. His parents were residents of Lancaster county, Penna., his father being William Robinson to whom this son was born near Ashland in that county. In 1861 our lamented friend was joined in wedlock to Hannah Wilson, of Chester county, and thence was a happy wedded life. Hearing the call of his country, he enlisted in Co. A, of the 97th Pennsylvania Volunteers, at West Chester, and served three years and among the many battles in which he participated were Petersburg, Green Plains, Foster's Plantation, Drury's Bluff of Virginia, Fort Wagner, James Island, Morris Island of South Carolina.

Shawsville of this county was the scene of his lumbering operations in 1869 and he came to Curwensville in 1877 and lumbered at Bridgeport, this being his lifework. Many years was he a faithful and consistent Christian, joining the Methodist Episcopal Church during the pastorate of Rev. J. A. Wood. He was a member of the Official Board. Being a man of retiring disposition he never sought office yet was elected as a member of the Curwensville Board of Education.

Exercises were held at his late residence Wednesday 10th, at 4 p. m., by his former pastor Rev. W. V. Gano, of Jersey Shore, assisted by Rev. Joseph H. Cooke, of the Baptist church. Interment was made at Oak Hill cemetery of Curwensville after ceremonies by Noble Lodge No. 480, F. & A. M., of which he had long been a member and whom he had served faithfully as treasurer.

The survivors are the widow, their children: Mrs. Harry Emery, Philipsburg; William J., Pittsburgh; Misses Emma M., Ruth A., Ida B., all of Curwensville, these brothers and sisters: John S., Nottingham, Lancaster Co.; Howard, Denver, Col.; Mrs. Mary LeFevre, Terre Haute, Ind.; Mrs. Ella Meacham, Wise, Idaho.

Those from out of town attending the obsequies were Samuel W. Wilson, Oxford, Pa.; Mrs. L. C. Dyer, Lancaster, Pa.; Wm. P. Emery and wife and Harry Emery and wife, of Philipsburg; Mrs. Oscar Mitchell, Clearfield; Miss Julia Miller, Clearfield; William H. Robinson, wife and son, William Jr., of Pittsburgh.

ENTERTAINS SEWING CLUB

Miss Katherine Etzweiler entertained her sewing circle last evening at her home on Fourth street.

There were ten members present and the evening was delightfully spent in knitting and sewing. The hostess served a delicious lunch.

Mrs. Myrtle Hazar, of Baltimore is the only woman electrician in the service of the United States coast guard.

acted business in town yesterday.

Mrs. H. W. Tate of Bellefonte and sister Mrs. Mabel Hamers, of Philadelphia, are visiting at the home of Mr. and Mrs. F. I. Tate. Mr. Tate is the widow of the late Dr. H. W. Tate who died suddenly last October at his home in Bellefonte. She will also visit in DuBois and Mahaffey while here and then return to Philadelphia with her sister where she expects to make her future home.

A daughter was born to Mr. and Mrs. David Reid, near Bridgeport, Sunday, April 7.

The funeral of the late Patsy O'Laughlin was held yesterday morning at nine o'clock from the Catholic church, Rev. P. A. Lynch officiating. The deceased was aged 85 years. Her son William, who is in the U. S. service, was unable to attend the funeral. Burial was made at Grampian.

Miss Ruth Shearer left yesterday morning for Washington, D. C. where she has accepted a government position.

A daughter was born to Mr. and Mrs. Leslie Thurston, of South Side Tuesday, April 9.

Miss Porter Pyles who has been on the sick list for some time is slowly improving.

WESTOVER BRIDGE UNSAFE

The County Commissioners filed a petition in the Prothonotary's office yesterday reciting the fact that the bridge over Chest creek in the village of Westover was unsafe for traffic and asking the court for permission to place signboards at the approach, to said bridge acquainting the traveling public with the condition of said bridge and to notify those using same that they do so at their own risk. This action was taken following a report from Engineer G. A. Flink, of Harrisburg who examined the bridge after the citizens had notified the Commissioners of the dangerous condition of the bridge. Engineer Flink's report recites that the bridge was built in 1891 and that the deterioration of time and the wear and tear due to its use the intervening twenty-five years make a new bridge necessary at this point.

If the petition meets with the approval of the Court a re-inforced concrete bridge will be constructed by the Commissioners to replace the present structure.

SHRINERS' RED CROSS FLOUR STILL SELLING

San Francisco April 11.—The Shriners' Red Cross sack of flour has brought \$18,000 since it started around the country from Islam temple here. Charlotte N. C., Oasis temple sold it for \$1,060 and Crescent Temple at Trenton, N. J., got \$1,150 for it. Bridgeport, Conn., and Indianapolis have both sold the same sack.

On May 3, India Temple at Oklahoma City will sell the sack at golden jubilee, and figure on getting at least \$50,000 for it. If they do, it will be the highest price ever paid for a sack of flour in Virginia city, Nev. The Red Cross sack will be taken to the Shriners' imperial council in Atlantic City next June by Potentate John D. McGilvray of San Francisco. The sack was started out by Clarence F. Pratt, historian of Islam temple.

Springtime Suggests New Curtains and Draperies

Your window makes break in the wall, through which you see the great outdoors. The break is sharp to be pleasing. Light must be mellowed for really good interior and dainty lace is best suited this end.

Consider both sides of the curtain question—inside and outside and visit our Curtain Department this week and see both the New Curtains and Draperies. In spite of shortages and transportation difficulties growing out of war conditions our curtain and drapery departments are ready to lay before you—

Home Craft Week

MARQUISSETTE CURTAINS White, ivory and beige, \$1.00 to \$7.50.	QUAKER CRAFT LACE CURTAINS Ivory, white, and ecru, \$1.50 to \$1.50.
SCRIM CURTAINS White, ivory, and beige, 75c to \$4.50.	NET CURTAINS Cluny lace trimmed, White and Arab, \$2.00 to \$3.50.
NET CURTAINS Macrame lace trimmed, \$3.50 to \$6.50.	NET CURTAINS Antique lace trimmed, \$3.50 to \$5.50.
IRISH POINT CURTAINS \$5.50 to \$9.50.	

Quaker Craft Curtain Laces

Every good housewife knows what magic change a few yards of lace or drapery material judiciously chosen will make in the appearance of the home. In our drapery department we are showing the newest things in that line.

White, ivory, and ecru, 32 to 45 inches wide, 35c, 45c, 50c, 65c, 90c \$1.00, \$1.10.

Scalloped edge border on each side, 30 inches wide, 28c yard.

A few dollars well invested in curtains and drapes works wonders and as this is the time to freshen up the home no home-lover should miss seeing the new curtains and draperies we have on display.

HOSPITAL BRIDGE CLUB MEETING

The Hospital Bridge Club held its other splendid meeting yesterday afternoon at the home of Mrs. A. I. Leitzinger on Chest street.

Eight tables were utilized in playing progressive bridge. The head prize was won by Mrs. H. P. Dowler and the consolation prize by Miss Natalie York.

Eleven dollars and ten cents was realized

The committee is highly pleased with the splendid number of ladies who patronize these meetings.

With Texas women participating in the primaries, and so virtually in the elections in that state, women will now have a hand in electing more than a hundred members of the lower House of Congress.

CAUTION NOTICE

Whereas, my wife, Barbara E. Peters, having left my bed and board without just cause or provocation hereby warn all persons not to harbor or trust her on my account, and pay no bills of her contracting.

ARMENTIERES HAS BEEN ABANDONED

LOST CITY OF NO GREAT IMPORTANCE IS BELIEF

BRITISH FELL BACK ABOUT FOUR MILES NORTHWEST OF APEX IN DANGEROUS ANGLE AT ABANDONED TOWN

ASSAULTS REPULSED BY FRENCH

Crown Prince Rupprecht was continuing his northern offensive today on the entire 20 mile front from La Bassee canal to the Ypers-Comiens canal. In making this announcement Field Marshal Haig reported there was particularly severe fighting along the Lawe and Lye rivers from Lestreme to Armentieres. Armentieres, only a pile of stones and brick and of no strategic consequence, has been abandoned because of its position at the apex of a dangerous salient. Haig said there was considerable gas shelling when the British withdrew. North of Armentieres heavy fighting continued until late at night.

HAIG'S REPORT

By United Press
London, April 11.—Field Marshal Haig today announced the withdrawal of the British forces from Armentieres. "We have withdrawn from Armentieres," Haig said. "The battle is continuing on the whole front from La Bassee canal to the Ypers-Comiens canal. There was severe fighting in the neighborhood of the Lawe and Lye rivers and near Lestreme. North of Armentieres there was a little change. In the neighborhood of Ploegsteert, Messines and Wytschaete there was heavy fighting until late last night."

By William Philip Simms
With the British Army in France, April 11.—The Germans have reached the neighborhood of Steenwerck (4 1/2 miles west of Armentieres and 6 miles north of the Lye river.) The enemy is also reported to have reached the edge of the Festina forest (4 1/2 miles south and west of Steenwerck) and the eastern half of Ploegsteert (just outside of the ruins of the village of Messines in Wytschaete.) At 9 o'clock this morning German artillery began firing on Mortmart and Englebelem. A new salient was established north of St. Mar. Once the enemy occupied La Creche, Nieppe, Messines and Wytschaete but a British counter attack drove them out.

THE FRENCH REPORT

By United Press
Paris, April 11.—German attacks against the Franco-American sectors in the Champagne and Lorraine were repulsed. The French war office announced today. East of Souain (near Tahure) where American artillery is stationed German attacks were repulsed. The statement said. German attacks failed in the Apremont forest 4 miles east of St. Meheil the French statement said.

ENLISTS, SUE FOR DIVORCE

(By United Press)
Pendleton, Ore., April 11.—Even cowboys and cowgirls disagree on the war. Charging desertion, Bertha Blauvelt, the west's best known cowgirl and repeated winner of the women's world's championship for broncho riding, today has a divorce suit on file against Dell Blauvelt, her rider, roping and bulldogger, now a Canadian forces.

The Blauvelts, who own large ranch properties, have appeared all over the west in Round-up and Frontier Day competitions, always winning high honors by risking their necks subduing fractious horses and wild steers.

HAWK RUN VOLUNTEER WOUNDED BY SHRAPNEL

John Francisco, a young Slav, whose widowed mother lives at Hawk Run, was wounded with shrapnel in an engagement with the enemy in France. A telegram from the War Department to his mother, received a couple of days ago, stated that he was seriously injured in the leg and arm and will be returned to his home as soon as his condition permits.

Young Francisco, whose father, Mike Francisco, is dead, was one of the first of the Morris township boys to volunteer his services to the government in the war with Germany. He enlisted shortly after the declaration of war.

Morrisdale and Hawk Run folks who are acquainted with the young soldier speak very highly of him and of his former life in the township.

SWOOP HEADS P. O. S. OF A COMMITTEE

Hon. Wm. I. Swoope has been notified of his appointment as chairman of the P. O. S. of A. committee of the Public-Safety committee of Pennsylvania.

The Patriotic Sons of America of which Mr. Swoope is prominent member is one of the foremost patriotic organizations in this nation and their assistance in the Liberty Loan campaign and all other governmental activities has been very much felt and appreciated.

Mr. Swoope will have as his assistants P. S. Richner, of Clearfield, Mr. William Clyde of DuBois, Blaine Morris of Olanta and Charles Keatley of Brinsin.

LOAN RALLY AT GRASS FLAT

A monster patriotic Liberty Loan meeting will be held at Grass Flat tomorrow evening at which Father Fischer of Morrisdale and two speakers of Clearfield will deliver addresses. A band will help to enliven the occasion which will be the opening gun in the Liberty Bond campaign among the miners of that vicinity. Although the miners have not as yet been solicited there is every indication that they are going to be "right there" when it comes to taking the bonds.

DRAFTEE BADLY INJURED

Roy Albert, of Morrisdale, one of the young men in the list of twenty selected to go to Camp Lee during the week of April 26th, suffered a compound fracture of one of his legs and was otherwise severely injured in an accident at the mine where he was employed.

He is now a patient at the Cottage hospital, Philipsburg.

SAVAGE A CANDIDATE

Matthew Savage, editor of the Public Spirit, is the Democratic candidate for the office of State Senator from this county.

8452 HAVE MADE FLOUR REPORT TO DATE

Tabulated Figures Show Average Of 17 Pounds Per Person Independent Of Mills, Etc

FLOUR SUPPLY IS ASSURED

County Food Administrator John F. Short has completed his flour survey of Clearfield county under his instructions from State Food Administrator Howard Heinz of Pittsburgh and in accordance with the Federal provisions governing such survey.

Food Administrator Short and his clerical force have thus far succeeded in tabulating 8452 reports and the knowledge gained from these papers show that the flour situation in our county is highly satisfactory.

The 8452 reports thus far tabulated represent 48,776 people and show that for the feeding of this total 796,112 pounds of flour were on hands when the reports were made during the past thirty days. This means that there were on hands a fraction over seventeen pounds of flour for every man, woman, and child represented. As the Federal regulations prescribe but two pounds of wheat flour per person per month it will be seen that there is flour enough in the hands of these householders to last for at least three months or until July 1st under the fifty-fifty regulations.

The reports tabulated by the Food Administrator are from householders only and do not include the stock on hand of stores, bakeries, mills or wholesale flour dealers. Which is further evidence that there is no question about Clearfield county people being willing and able to hold out on the government's wheat-saving campaign until the 1918 wheat is harvested and available.

RED MEN INSTALL OFFICERS

District Deputy Great Sachem H. P. Faulkner of Philipsburg was here last night installing the following officers in the local tribe of Red Men: Prophet—S. I. Sankey. Sachem—Rex Fauver. Senior Sagamore—M. M. Condon. Junior Sagamore—Guy Graham. Chief of Records—Harry E. Owen. Collector of Wampum—Chas. I. Shugarts.

Keeper of Wampum—J. W. Merrey. 1st Sannap—Howard Bamberger. 2nd Sannap—Fred Shugarts. Guard of Forest—E. McFarland. Guard of Wiggam—J. D. Cairns. 1st Warrior—Al Holt. 2d Warrior—Wm. Irvin. 3rd Warrior—C. C. Merrey. 4th Warrior—Robt. McLain. 1st Brave—P. J. Turner.

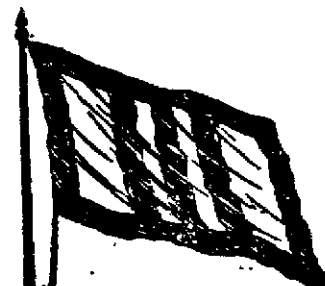

After the installation of officers the tribe received from committee a beautiful service flag showing 50 members in the U. S. Service and voted to take \$1500 of the Third Liberty Loan Bonds. Since the fire the Tribe has been comfortably located in the K. of M. Hall.

WANTS SUPPORT ORDER

Ray Woodel has been cited on petition of District Attorney John C. Arnold to appear in court April 29th and show cause why an order should not be made directing him to pay a certain sum monthly toward the support of his wife, Margaret Woodel.

The young man was found guilty of desertion in the Clearfield courts in May, 1911, and directed to pay his wife \$10 per month. He hasn't been cashing up, hence the move to secure payment.

LIBERTY LOAN HONOR FLAG

TODAY'S CASUALTY LIST

Washington, April 11.—The casualty list issued today by the war department contained 124 names divided as follows: 1 killed in action; 2 died of wounds; 5 died of accidents; 13 of diseases; 69 severely wounded; 30 slightly wounded and 4 missing in action.

U. S. ARTILLERY BEATS BACK A GERMAN ATTACK

By United Press

With the American Army in France April 10.—A carefully prepared German attack in the sector northwest of Toul was crushed by the prompt and efficient fire of American batteries. The Germans who were taken prisoner declared the Germans in the party numbered 400 and that they were stunned by the American fire. The attack was preceded by a tremendous German barrage. The American guns replied immediately. There were no American casualties.

SUGGEST SUGAR SUBSTITUTE

(By United Press.)

Washington, April 11.—A sweet, gum-like product from palm juice, used in some portions of Central and South America, has been suggested here as a substitute for sugar. Experts are of the opinion that it would be a little difficult to bring it up to the grade of cane or beet sugar, however. They claim, however, that, if the sugar shortage gets serious, the product will be investigated thoroughly.

Negotiations for a sugar credit of \$100,000,000 have just been completed for Cuban planters and worked out under the direction of the International Sugar Committee. Cuba's crop is estimated at 3,250,000 tons. The committee has secured contracts for 2,500,000 tons and options on the balance of the crop.

NOT MANY GERMANS RESIDE IN ST. LOUIS

(By United Press)

St. Louis, April 11.—St. Louis has a smaller per centage of German born residents than many other large cities of the United States, despite a prevailing opinion to the contrary, according to statistics compiled by the Chamber of Commerce.

Instead of "the most German city" in America the chamber of commerce calls it "the most American city in the country."

According to the figures St. Louis foreign born comprise only 10 per cent of the population as compared with 33 per cent in Detroit; 31 in Cleveland, 35 in Chicago and 35 in Boston.

The per centage of German born in St. Louis is 6.9, Chicago 8, Cleveland 7, Detroit 8, Milwaukee 17, Buffalo 10, and Cincinnati 7.

PIE SOCIAL

To be held at the West Side Hotel House Friday evening, April 12, for the Poochontas Lodge. Bring your friend along. A11-2t-eh

MICKIE SAYS

DAUBIN' SIGNS ON FENCES, AN' BARN' AN' SIDEWALKS, MAN HAVE BEEN CONSIDERED ADVERTISING, FOR THEY WUZ ANY NEWSPAPERS, BUT THEY'S NO EXCUSE FOR SUCH STUNT'S ANY MORE, WITH THIS HERE GREAT FAMILY JOURNAL COMIN' OUT REGULAR! HEY, BOSS?

NICKEL ALLOYS EMPLOYEES SUBSCRIBED

Every Man Approached Yesterday Bought Liberty Bonds, Total Reaching \$10,000

FOUR GIRLS ALSO TAKE BONDS

The employees of the Nickel Alloys company at Hyde City not only believe in assisting the government by the manufacture of first class materials on the government merchant iron, etc. they are daily turning out but are behind Uncle Sam to the last man with their good hard earned dollars.

Yesterday was the day set by the Liberty Loan committee to visit the Nickel Alloys company plant for the soliciting of contributions to the Third Liberty Loan in accordance with this program a committee consisting of Rev. Dr. E. C. Reeve and Walter Welch, Esq., as speakers, and ex-Mayor Hobart Callahan and Otis Knepp as solicitors visited the big plant at Hyde at the noon hour. A speakers platform was improvised in the office at the hotel or company boarding house and the speakers started right in on their story, giving in impassioned eloquence just a few of the many reasons why every American citizen should lend his dollars to Uncle Sam at this critical period in the world's history.

At the conclusion of the speech-making the solicitors got busy and "bang" is the correct word to use in this case because that soliciting committee of hustlers starting in at 12:30 never stopped until 10 o'clock last night and when they counted up their subscriptions found they had a total of more than \$10,000 subscribed with some thirty or forty men yet to canvass.

Not a single employee refused to take a bond while some took two or three. The list of subscribers contain not only the name of every man approached but in addition thereto the water boys and the four young ladies who were present at the boarding house also enrolled for a bond.

The soliciting committee will continue their labors today and hope to "hook" up the two score men they could not reach yesterday. This total of \$10,000 was subscribed entirely by the employees of the Nickel Alloys plant alone and does not include the subscription of the company itself which will be secured by the committee on corporations later in the campaign.

The Nickel Alloys company and their employees have set a fine mark for Clearfield industries and employees in this patriotic movement and are fully deserving of the great praise accorded them on every hand.

Such unanimous response certainly guarantees the third Liberty Loan going over the top with a whoop. Meetings were held at noon today at the Clearfield Clay Working company's plant and the Pine Tree Foundry of the Clearfield Machine shop in the Second ward.

A Liberty Loan meeting was conducted Tuesday afternoon at the Textile mill. W. I. Betts addressed the meeting and Mrs. Warren Partridge made a few remarks. The subscription campaign will be taken charge of by Mr. Glynn superintendent of the mill.

Mr. Callahan reported since dinner that his committee had finished their labors at the Nickel Alloys plant this morning and succeeded in getting more than \$8,000 worth of subscriptions to add to yesterday's total. They made 150 separate sales among the workmen and have a long yet to see and expect the final total will easily go \$15,000, which is certainly some fine showing.

MARRIED SOUTHERN GIRL

James S. Young, a son of George Young, of Kylesburg, and a member of the Coast Artillery Band at Fort Morgan, Alabama, was married to Miss Josephine Fenahan, a popular Mobile, Ala., young lady, on March 26th last. Young is a recent recruit and the wedding followed a brief courtship.

THE LIBERTY LOAN

By James J. Montague

Three cheers for the army of dollars,
That pours from the tills and the banks,
And falls into line to help your cause and mine,
In glimmering, shimmering ranks.
An army that numbers three billions,
Enlisted to fight for the right;
A force that will show to an obstinate foe
The weight of America's might!

It comes from the mill and the market;
It comes from the rich and the poor;
From city and town it is hurrying down,
That the land that we love may endure.
And while our young legions are fighting
With Yankee-like courage and nerve,
Behind their brave line, as it moves toward the Rhine,
Is massing the Dollar Reserve.

Turn out and recruit for the army!
No good honest dollar must skulk;
Pass forward the call! there is need for them all!
Your job is to get them to work.
For never since dollars were minted
Have they had such a glorious chance
To be of real worth to the peoples of earth
As they have with our army in France!

LYNN, MASSACHUSETTS, FIRST BIG CITY TO SUBSCRIBE ITS QUOTA

By United Press

Washington April 11.—Liberty Loan subscriptions have already reached the \$400,000,000 mark according to conservative estimates compiled here early this afternoon from official treasury department figures. Eight of the 12 federal reserve district have reported subscriptions of \$212,500,235 up until the close of business Tuesday. The Dallas, Minneapolis, Rich-

mond and Philadelphia districts have made no report. To guard against over optimism as to the outcome the treasury department will announce each day the actual subscriptions to the loan. More than 600 communities, most of them small, have asked for honor flags and the treasury department is anxious for some of the big cities to request one. Lynn, Mass., is up until the close of business Tuesday the largest city thus far to go "over the top" with \$100 City, Iowa, next.

SPEED IN PRODUCTION ESSENTIAL TO VICTORY

Industrial Efficiency Will Protect Lives of Our Boys in the Trenches.

Industrial efficiency and economy will play as important a part as military organization and genius in determining the outcome of the war, according to Frank A. Scott, chairman of the War Industries Board, which has charge of government buying and supervision over the general industrial activity incidental to the prosecution of the war. "The preparatory stage of the war has passed for this country," says Mr. Scott, "and the time has arrived when every resource, human and material, must be placed at the disposal of the government."

"If it can be said there has been a preliminary stage of our share in the war it is over now," says the government's industrial director. "Our troops are already in France, and we have begun the actual raising of a huge army here at home to be sent abroad when the time is ripe. We have passed the period of expectation."

"Efficiency and economy in production and distributing the government's requirements are as necessary to success as courage and intelligence in battle. The slacker at home is as contemptible a figure as the coward in the presence of the enemy. The luxuries of peace must give way to the necessities of war."—Industrial Conservation, New York.

Heavy Satin.

Perhaps you have been a bit worried when you have read that before long we may be asked to refrain from buying woolen coats and frocks. Don't worry. One of the things promised for spring is a very heavy double-faced satin. It is to be used largely for coats and is made in such combinations as dark green and drab, claret and black and blue and black. It makes one quite resigned to the fact that wool is scarce and that it is a patriotic thing as soon as the weather moderates to forego its use as much as possible.

Black Is in Evidence.

Have you noticed how much black appears in the necessities of our dress nowadays? Many of the newest handkerchiefs are printed with black designs on a colored ground or a black and colored design on a white ground. Then, too, we see black ribbons in some of the elaborate lingerie, and sometimes black lace in boudoir garments of coloredorgette or chiffon.

Plaited Collars.

The latest effect in plaited collars of fine muslin show deep hemstitched frills falling from a high, close neckband and fastened in front with little narrow, close ties of the hemstitched muslin, rounded on the ends. The accompanying cuffs have no plaiting, but merely bands, like the ties, to be drawn around the frock sleeves at the wrist and tied in little bows.

ARMY NURSES ARE LEARNING TO PUT IN AN UPPERCUT

By L. R. Blanchard

(United Press Staff Correspondent)
Chicago, April 11.—Camp Castle, Mich., today has 120 boxers who have dropped wand drills and dumb bell exercises for the more athletic glove game. They are nurses in the base hospital, attached to the 5th division.

One knockout and one injured was the result of the first "sparring" session, one boxer succumbing to the results of a co-worker.

Charley White, Chicago boxer, a former instructor here, said that every pupil in the nurses class had wicked left.

"Their uppercuts are good, but a natural blow," said Charley. "The lefts are more natural for them than for me," but they can't land a straight one, "when they try that the result is always a 'haymaker'."

"The girls from the farm are bicker than those from the city and they may explain why eight out of nine decisions at our first show went to country girls."

White started the nurses' boxing class more than a month ago, the young women asking for it on the grounds that they could protect themselves against atrocities as the Germans have perpetrated in Belgium and France.

Posing, rope skipping, shadow boxing, bag punching and shot boxing bouts constitute the training program. Only four of the number beginning the work have dropped out.

"It's been good for them," said White. "Some of my star pupils could give boys from the other classes a tough battle."

VISITING CLEARFIELD FRIENDS

Boyd McCullough, son of Mr. and Mrs. Geo. L. McCullough, of Tyrone, and a former Clearfield boy, is visiting in town while home on a furlough from Camp Hancock, Augusta, Ga., where he is enlisted in the cavalry.

GOES TO CAMP LEE

John T. Beahan, son of Mr. and Mrs. John Beahan of Walnut street, leaves tomorrow for Camp Lee, having been inducted into the National Army through Chief Clerk Bain, of the Local Exemption Board.

TOP NOTCHERS WHOM WE KNOW

Clearfield readers of the Saturday Evening Post have noticed the interesting articles of Carl W. Ackerman and William G. Shepard on Mexico, Germany and Russia. These men are not strangers to Clearfield readers as previous to their going with the Saturday Evening Post they were staff correspondents with the United Press association and their names almost daily headed news cables from Petrograd and Berlin. It was during their term of service with the U. P. that they secured the information and training which now enables them to visualize the international situation. Before our entrance into the war Carl W. Ackerman was the United Press correspondent in Berlin and we received daily cables from him. William G. Shepard was the United Press correspondent in Petrograd during the revolution and performed a like service. When we open the Saturday Evening Post and find the names of these two gentlemen it is like meeting a friend and we know that because of their training they are reliable writers.

FISHERMEN BEWARE

Attention, trout fishermen! Will you or will you not be violating the fishing laws of the state if you have in your possession at any one time more than 25 of the combined species questioned for the sportmen of the state to solve and for safety it should be solved before the season opens next Monday morning. Recently some sportmen went carefully over the new fish laws and discovered that the law states plainly that it shall be unlawful for any one "to have in possession more than 25 of the combined species of trout in any one day." Of course every one understands that the limit in numbers for a single day's catch this year is 25 instead of 40 as has been the limit in numbers for a single day's catch this year is 25 instead of 40 as has been the limit in the past. But this phase of law will make it troublesome and most inconvenient for those who go fishing for more than one day and enjoy any luck. They can catch as many as they please so long as they do not violate the days limit, but can they bring their fish home? The law says not. It reads and in very plain English that it shall be unlawful to have in possession more than 25 trout in any one day. It is the opinion of most sportmen that the intent of the law is not to prevent fishermen from catching more than 25 trout and bring the same home, but to prevent the catching of more than 25 in any one day. However fishermen have no authority to interpret the laws. In reply to a letter written to Nathan R. Buller, state fish commissioner, that official says: "The department acknowledges receipt of your favor of March 28 in reference to Article V, Section 35, and in reply beg to advise that this department does not interpret the laws as that is a matter for the courts. In the opinion of the department the safest plan is not to have more than 25 trout in your possession at any one time." So says the state fish commissioner.

Now what are the fishermen going to do about it? The peculiar thing about the whole affair is that the laws of 1915 which specified the day's limit as 40, was worded in precisely the same manner and no one ever questioned the meaning of the law.

VARIOUS RUMORS

One who permits a parentless rumor to disturb his serenity is wise. This is a time when propitious stories are invented and circulated most every day. Many of these are invented by agents of the Kaiser, but some are the product of practical jokers who lack common sense, or of persons who have a taste for creating excitement in the country. Every now and then the newspaper telephones were kept in motion for hours because somebody has invented and put in circulation a startling rumor of some sort. And the people are greatly excited. It is a pleasure to observe that the federal government has repudiated the report that bits of glass have been found in flour or bread. Presently we expect to hear that the story recently circulated about ruined aeroplanes was without foundation. It is a great pity that thus far the person who starts these tales has not been identified, captured and exposed.

PREVENT IT

Every day the possibility of an epidemic of smallpox in Clearfield comes a little bit nearer and should this city escape without a case it will indeed be miraculous. Yesterday in the news column we made some observations and suggestions which have struck a responsive chord in the opinion of many of our citizens. We are assuming, of course that the smallpox now prevalent in our vicinity was brought to us by the colored men who came here from the south. If this presumption is correct and there is no evidence to the contrary, it would now seem to be an unreasonable thing to expect the board of health to look after the source of the trouble before forcing ten thousand or more people to vaccination. We believe in vaccination and will uphold the board of health in any measure they see fit to enforce but we also believe that the vaccination of every southern negro will go along way toward preventing an outbreak here. There should also be an understanding with the employer of this labor that all newcomers must be vaccinated before they arrive here. If this simple precaution were taken we would not have a small pox epidemic.

A NEW TUNE

Every man or woman who has attended patriotic rallies in this county has had his or her nerves badly upset about the time the audience began to hit the high spots in "America" our beloved patriotic hymn. Sometimes the beautiful notes and words would die out altogether and then some brave souls would come to the rescue when another level spot in the music was encountered. To get away from this ordeal a new tune has been arranged for "America" and it bids fair to becoming as popular as the old one. Copies of the new music will

HAPPY AMERICAN WARRIORS IN FRANCE

These cheerful Americans have just returned from the first line trenches, where they have been under fire of the Boche, to the mess house for their dinner. Neither the poor facilities for eating nor the guns of the Germans can rob them of their cheerfulness.

DR. THOMAS S. MARCH WILL HEAD GREENSBURG SCHOOLS

Greensburg, Pa., April 10.—The Greensburg school board elected Dr. Thomas S. March of Harrisburg, superintendent of the public schools here. Dr. March is one of the state high school inspectors and was formerly superintendent of the local schools. The salary was raised from \$3,000 to \$4,200. Dr. March is a brother of Gen. Peyton C. March, chief of staff of the United States Army.

Dr. March is a former Principal of the Leonard Graded schools here and is well and most favorably known here. His wife was Miss Jennie Bridge, member of a well known Clearfield family.

Dr. March is a candidate for Congress, and O. R. Miller, a newspaper man of Bradford, were in our city today. Leaving here they will visit Philipsburg and Bellefonte.

APRIL SNOW DRIFTS

Snow drifts six and eight feet deep as late as April 11th are not a common sight in Clearfield county but Constable H. L. Bowman who was one of the drivers of a fleet of Ford automobiles driven from Indiana to Clearfield yesterday for Councilman Williams' Ford agency here is authority for the statement that the drifts encountered many such drifts yesterday.

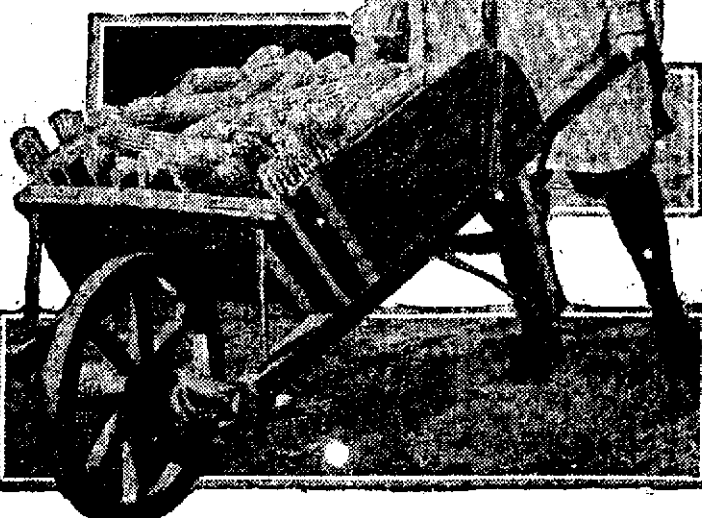

Walter Flegal, son of Mr. and Mrs. H. J. Flegal, is a patient in the Clearfield hospital, suffering from an attack of pneumonia.

CANDIDATES HERE

John Richelsen of McKean county, candidate for Congress, and O. R. Miller, a newspaper man of Bradford, were in our city today. Leaving here they will visit Philipsburg and Bellefonte.

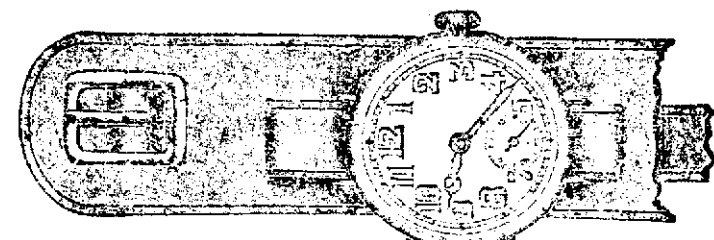

A FARMERETTE BRINGING IN THE CORN

This farmerette is actually at work, rough work, as may be seen from the picture. She is proving that some women can do heavy work on the farm. She was city bred and did not know till a few weeks ago what a farm was, but it did not take her long to learn she could do real work, and she is going to stick it out till every crop is harvested. Maybe she will never return to the city.

Why Pay \$80 When \$30 to \$45 Is Enough

There's one thing we've been doing for a great many business men in this town that more men ought to know about.

We've been saving money for them on their clothes; they're getting the quality here that they paid their tailors much more for.

They thought they couldn't be fitted in ready-made clothes—maybe not in some—but they found they could be fitted perfectly here in Hart Schaffner & Marx clothes and that they could save enough money to buy more Liberty Bonds and War Savings Stamps.

Try it; if you like the style and fit of the clothes, all right; if not, it doesn't cost you a penny.

HOT WATER THE BEST LIVER AND BOWEL MEDICINE

Says glass of hot water before breakfast washes poisons from system

Physicians the world over recommend the inside bath claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health while the pores in the ten yards of bowels do. Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it as a harmless means of helping to wash from the stomach, liver kidneys and bowels the previous day's indigestible material poisons, sour bile and toxins; thus cleansing sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quart of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of renowned results both in regard to health and appearance.

TRUSTEE'S SALE OF PERSONAL PROPERTY

By virtue of an order of the Federal Bankruptcy Court there will be exposed to public sale in the store building formerly occupied by Charles Wrye, in Morrisdale, Clearfield county, Pennsylvania, all the personal property of Charles Wrye, the bankrupt on Monday, April 15, 1918 at 11 o'clock a. m. The said property consisting of a large stock of general merchandise, groceries, etc., together with store fixtures. Terms cash.

A New Local Service for Motorists

Timken Roller Bearing

Hyatt Roller Bearing

New Departure Ball Bearing

To provide motorists and others interested in automobile service work in this section with prompt, expert dependable service on bearings, we have established an authorized local service station for the Bearings Service Company.

The Bearings Service Company is the national service representative for the Timken Roller Bearing Company, Hyatt Roller Bearing Company and New Departure Manufacturing Company.

Supplied with authentic engineering records by these manufacturers and having immediate access to complete stocks of new bearings—not reground or second hand stock—we can provide service in which you can place absolute confidence—a bearing service that is exact, dependable and prompt—one that will make it unnecessary for you to be without the use of your machine pending the receipt of bearings from far off factories.

CLEARFIELD CENTRAL GARAGE CO.

CHICHESTER'S PILLS

THE BILKOWITZ BRAND.
This is the only medicine that is not a laxative, and it does not stain. Take no other. Buy of your druggist. Ask for CHICHESTER'S PILLS. Sold by druggists everywhere.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

NOTICE TO RESIDENTS OF WOODLAND

Several new cases of small pox have developed in your town and the last victims moved freely about the town while the disease was developing. Many of the inhabitants have been exposed by contact. The condition is serious. In order to prevent a further spread of this loathsome disease it is imperative that every body gets vaccinated. Go to your physicians at once and get vaccinated. By so doing you will be free from the danger of acquiring this frightful scourge which is in your midst.

Should there be a further spread drastic measures will have to be instituted to control the situation.

By Order of State Health Authorities.

UTAH MURDERER TO BE EXECUTED BY THE FIRING SQUAD METHOD

Salt Lake City, Utah, April 11.—The old saying that "murder will out" was perhaps never better illustrated than in the case of Howard DeWeese, who will soon be led before a firing squad in the Salt Lake City prison to be shot to death for the murder of his wife. After a legal battle lasting many months the judgment of the trial court has been affirmed by the higher court, which means that DeWeese must suffer the penalty for his crime. The Utah law gives a convicted murderer the choice of execution by hanging or shooting. DeWeese has chosen to face a firing squad in preference to meeting death on the gallows.

DeWeese owes his arrest and conviction wholly to that mysterious something which so frequently impels a person guilty of murder to divulge his own crime. Had he been able to banish from his mind the recollection of his bloody deed he probably would still be at liberty. But day after day and night after night the memory of his crime so preyed upon his mind that at last he was irresistibly impelled to surrender himself to the authorities. Up to the time of his voluntary surrender the police were wholly without a clue as to his whereabouts. In fact, the murder of which he was accused had been virtually listed among the "unsolved mysteries."

It was on September 20, 1916, that DeWeese and his wife arrived in Salt Lake City and rented an apartment under the names of Mr. and Mrs. D. C. Robbins. But little was seen of them until DeWeese was seen leaving the place early on the morning of September 22. Two days later the proprietress of the house, feeling concerned at not seeing her tenants and suspecting that something might be wrong, unlocked the door and entered the room.

The landlady was horrified at what she discovered. The body of Mrs. DeWeese was found lying on the bed, partly covered with the bed clothing. A flatiron with a cloth wrapped about it was lying at her head. The woman's head was badly beaten, her face was crushed, and the blood of the victim had splattered the bed clothing and the walls of the room.

Everything possible seemed to have been done to destroy evidence of the identity of the parties. The face of the slain woman had been crushed and beaten beyond all recognition, and the room had been stripped of everything that could throw light on the identity of the persons who had rented the apartment or the person who had committed the murder.

Suspicion naturally rested upon DeWeese, who had disappeared and left no trace behind. In their search for the suspected murderer the police were handicapped by their lack of knowledge concerning the identity of the couple and their previous movements. Even their description of DeWeese was of the most meager sort. What few clues were obtainable were followed but without result.

Search for the suspect had been virtually abandoned when, on December 22, exactly three months after the commission of the crime, DeWeese walked into detective headquarters in Chicago and communicated to those in charge the fact that he was the husband of the woman who had been found murdered in Salt Lake City.

One of the most peculiar features of the case is the fact that DeWeese has never admitted the murder and still protests his innocence of the crime for which he has been sentenced to death. The story which he told the Chicago police and which he repeated at his trial in this city was to the effect that his wife was murdered by someone unknown during his absence from the apartment. According to his story he had long been engaged as a professional thief and burglar. On the night of the crime,

he left the apartment before midnight to engage in a burglary expedition. Upon his return in the early hours of the morning, according to his story, he found that his wife had been slain, presumably by a thief who had entered the apartment in search of valuable jewelry possessed by the couple, and which he declared was missing after the crime. Fearing that he would be accused of the murder, DeWeese said that he left Salt Lake City by the first train.

Notwithstanding the story told by DeWeese on the stand, and the fact that the prosecution possessed little direct evidence against him, he was found guilty by the jury and sentenced to death by the court.

CLEARFIELD COUNTY "WOOD HICK" LOCATED WRONG LOG

Harleston S. C. April 11.—"Alligator hunting" has become the popular amusement of the U. S. marines now in training at Paris Island, S. C., near here.

While doing "patrol duty" on the island a few days ago, a squad of "sea-soldiers" saw what appeared to be a gray-green log lying on the edge of a swamp. Closer investigation caused the "log" to turn and with a mighty splash a huge alligator lunged back into the swamp.

The marines made a diligent search for the "gator," but failed to locate it. After darkness fell, however, they returned with sticks and clubs of all sorts and proceeded to "beat up" the swamp in true alligator hunting style and finally succeeded in capturing and killing the alligator.

The incident caused a great deal of excitement about camp and now there is an "alligator party" held almost every night.

So far three of the alligators have fallen victims to the wily marines.

The fellow who discovered "the log" was a former Clearfield county wood hick, but for obvious reasons he don't want his name mentioned.

MARRIED

At the home of H. S. Hummel 705 Dorey street John W. Houser and Ethel R. Duff were united in marriage April 10, 1918, by Rev. B. J. Hummel present pastor of the Woodland charge.

GLASS OF SALTS CLEANS KIDNEYS

If your Back Hurts or Bladder bothers you drink lots of water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your boots clean, by flushing them with a mild, harmless salt which removes the urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking and no doubt you will wonder what became of your kidneys trouble and backache.

Your Bond May Bring Him Home in Safety

The supreme tragedies of war are not enacted on the battlefield, but in the home.

Above the shouts of command and encouragement, the roar and shock of the great guns, and all the swelling tumult of battle which bear the husband and father to a hero's grave and a martyr's glory, there rise the weeping of the bereaved wife and the cries of little children deprived of a father's love and care.

American fathers are now on the battlefronts of France. Many must fall; how many depends upon us who remain safely at home.

A single Liberty Bond will help to save a soldier's life, your soldier's life, and bring him home in safety to those who hold his life far more precious than their own.

CLEARFIELD COUNTY BOY DIES AT CAMDEN

Thomas J. Bloom, son of Mr. and Mrs. Curtis Bloom, of Olanta, died at his home in Camden, N. J., on Easter Sunday, March 31st, 1918, as the result of an attack of diphtheria, after an illness of two weeks duration.

The deceased is survived by his wife, who was Miss Ellen Flood, of Odessa, and his sorrowing parents. He had resided in Camden for about two years and at the time of his death occupied a position as foreman at the government shipbuilding plant at Hog Island.

He was a sober, industrious, good citizen and his host of Clearfield friends sincerely regret his demise. Interment was made in Camden cemetery on the Tuesday following his death.

A St. Louis hotel is believed to be the first in the country to employ negro girls as "bellboys" and elevator conductors.

PRIMARIES MAY 21

Where Your Money Goes

WE are now building more naval and merchant ships than we have constructed in the last generation.

dollars to our allies to be spent in the United States.

From the shipyards of the Pacific to those of the Atlantic; on our farms and in our mines, mills and factories in every State in the Union; back of the firing lines in France, where men are training, camps are being erected and railroads built, billions upon billions are being expended for labor, for transportation, for materials and supplies of every description.

The mind can hardly conceive the sums of money required for our war preparations. Yet these expenditures are absolutely essential.

We must win the war quickly if possible; we must carry it on for years if necessary. We must do the job with American thoroughness, let the cost be what it may.

Remember, when you invest in your Liberty Bonds, that there is immediate, urgent, imperative need for every dollar you can spare.

RAG DOLL TESTER IS EFFECTIVE IN SHOWING GERMINATION OF SEED CORN

Results of Ear Test by "Rag Doll" Method—Note the Differences in Germination—Some Have Only a Weak Germination While Only One Is a Desirable Seed Ear.

(Prepared by the United States Department of Agriculture.)

There are no large sections north of Virginia, Kentucky, Arkansas and Oklahoma where the corn crop matured and dried well enough to supply any large quantity of seed which can be planted with safety without ear-testing. There is very little seed of the 1918 crop available. As a result each section must depend largely upon its own 1917 crop for seed. Germination tests show that much of the supposedly good seed put up last fall is not germinating well. In this crisis there is only one way to make sure of high germinating, adapted seed, which will guarantee a good stand of vigorous growing plants necessary for a high yield. This way is to ear-test the available supply in the locality, and it is the opinion of corn specialists of the department of agriculture that all local seed supplies should be tested before outside sources are resorted to.

Most Practical Tester.

The obviously unfit ears—can be eliminated by inspection, but many of those left, which to all appearances are well matured and fit for seed, will be shown by the tester to be weak or dead, while the remainder can be relied upon to give good results when planted. There are many testers in use, but the most practical and economical of them all is the "rag doll." Bleached muslin is a satisfactory material for making the doll. Cut into

strips 16 inches wide and three to five feet long. By a line drawn down the center, and cross lines every four inches, the doll is divided into sections, each of which is to be filled with a six to ten kernel sample from an ear to be tested. Select these kernels from different parts of the ear. Number the ears to correspond with the number of the section in which the kernels are to be placed. Fold the outer edges of the tester toward the center so that they meet, roll the doll about a corn cob or other cylindrical object and tie. Sink the doll for a few hours, drain off the excess moisture and place it where it will not dry out and will be subjected to a good growing temperature. At the end of about five days the tests should be ready for reading. (The accompanying illustration shows a tester ready for reading.) Ears germinating 80 per cent or more should be saved for seed. This year it is well to retain all ears showing a germination of 60 per cent or over, keeping these poorer germinating ears separate. These may have to be used if the supply of seed germinating 80 per cent or better is not sufficient. If used they should be planted thicker than the good seed.

Farmer's Bulletin 948 of the United States department of agriculture, entitled "The Rag Doll Seed Tester," describes fully this method of testing seed corn.

TO REPLACE FARM MACHINES

Farmer Should Make Use of Improved Implements to Overcome Serious Labor Problem.

(Prepared by the United States Department of Agriculture.)

Make every possible use of improved machinery and implements. It is, of course, poor farm management to invest in too much or needless farm equipment, but it is always economy to purchase well selected implements and machines.

The use of the largest and most improved farm machinery, always desirable, is of special importance. Where large acreages are farmed the largest machinery is the most economical. Many of the latest machines embody improvements which will often justify their purchase where obtainable from the standpoint of economy even though the old outfit is still serviceable.

When new machines are bought on large farms to replace others still capable of service, it is suggested that the owners afford an opportunity to other farmers who operate on a smaller scale to purchase this replaced machinery at a reasonable price. This plan should benefit both parties.

All worn-out machinery should be sold for junk at the first opportunity, first removing all bolts or other parts which might be useful in repairing other equipment. It is usually false economy to attempt to use worn-out machinery as the time wasted with breakage and other delays and the extra power required for its operation will more than offset the saving effected by continuing its use.

SWINE NEED STRONG BONES

Feet and Legs of Breeding Stock Should Be Short, Straight, Strong and Wide Apart.

(Prepared by the United States Department of Agriculture.)

The feet and legs of swine are very important in breeding stock. They should be short, straight, strong, of medium size, and placed wide apart. If the legs stand up well on its toes and the dewclaws are an inch clear of the ground we can be sure the hog is strong and that the posterior are strong enough to carry the weight of the animal when fattened.

ESCAPES DANGERS OF AIR: BREAKS LEG IN FROLIC

London, March 10.—After escaping injury by a few thousand feet of air fights from a few thousand feet to three miles above earth, Capt. Philip Fletcher Fullard, one of the British air stars, broke his leg playing football for exercise. Fullard has had one of the most amazing careers of the war. He is a curly-haired, clear-eyed youth of 20 years of age. In six months flying he has sent 42 German airplanes crashing to earth and downed 3 captive balloons.

In a single day's fighting Captain Fullard brought down four German planes. One morning before breakfast Fullard and another airman downed seven machines of which the young "star" accounted for three.

While fighting a German two-seater Fullard had his narrowest escape. A German bullet smashed his goggles and another incendiary missile set fire to the Vercy signal lights on his machine. The blazing light set fire to the woodwork of the frame but he maneuvered the flaming plane back behind the British lines and made a safe landing.

Fullard belongs to one of the blue-ribbon British squadrons. To January 1st his squadron had accounted for 250 enemy machines and has suffered fewest casualties.

For his exploits in the air Captain Fullard has gained the Distinguished Service Order and the Military Cross.

LETTERS FROM OUR SOLDIER BOYS

LETTER FROM GUY SLOPPY

Portsmouth, N. Y. March 29 1918

Dear Mother: I received your letter last evening and will answer it once I am sorry to hear you are leaving. You do not need to worry for the army is certainly a nice place. I would not have believed it could be as nice as it is. It is five times as nice as could have expected. We each have a separate cot to sleep on and nice white sheets to sleep between. The blankets are fine pillow cases, as nice as you would find in the homes. We have plenty to eat and do not have to work like you hear the "knockers" tell about. You are on duty for a couple of hours then you can go to the store or the Y. M. C. A. or do as you see fit. You do not need to answer this letter for I will not be here when you get this for we leave here Monday morning. I have not seen anyone that I knew before coming here but I am not lonesome. I run with two fellows from Maine. They are both of French descent but they are both certainly fine. They are both going along Monday so we will all be together. Please do not worry about me for I am all right and could not be used by anyone. All the officers are so nice and they play like a bunch of kids when not on duty.

As soon as I get to where I am destination I will write and tell you my address. There are two or three hundred enlisted here very day. I hope you are all well. I have gained three pounds since I came to this place and feel the best I have felt in three months. Suppose Cousin Arthur is still with you. Hope he stays as it will not seem so lonesome for you.

There are every kind of people here. Some want to write home and cannot write the smallest words.

I was offered a permanent job here on the island which would have meant being a corporal if I took it but as I want to see some country I refused. One of the sergeants came out and picked me out from a bunch of three thousand fellows.

Now do not worry about Ivan for I know he will like it as well as I. I do not need any thing as everything is furnished.

Goody bye
Your son
GUY H. SLOPPY

NEWS FROM SOLDIERS

A letter from Lisle Searser tells of great times to be had in army cantonments in sports and entertainment. Lisle is getting along finely and is glad he is in the service.

A letter from Ronald Fulton thanks the M. E. Church for a Smile-ace Book and newspaper clippings which have been sent to him. Serg. Fulton speaks in glowing terms of his faith in the ultimate triumph of the Allied cause and says soldiers draw their greatest strength from the help received from home folks in the way of encouragement.

The daily mail of Mary Pickford, the movie star, is said to exceed in volume that of any other woman in the United States.

NEWS OF OUR NEIGHBORS CURWENSVILLE

On Tuesday evening, April 9th, Bethesda Lodge No. 821 Independent Order of Odd Fellows installed their officers to serve for the next six months.

Past Grand J. D. Hame, the newly elected District Deputy, Grand Master, was in charge of the installation which was performed in a very creditable manner.

In the interest of food conservation the usual banquet following these ceremonies was not held and instead the lodge participated in a smoker given by the retiring and installed officers.

Clarence Ammerman is home from Camp Lee, Va., on a short furlough with his mother and other relatives. Butler's looking fine.

In the passing of Joseph Parker Robinson, Curwensville has lost one of its most esteemed citizens. He passed away last Monday at the ripe age of seventy-six years, one month, and twenty-three days, having been born February 15th, 1842. His parents were residents of Lancaster county, Penna., his father being William Robinson to whom this son was born near Ashland in that county. In 1861 our lamented friend was joined in wedlock to Hannah Wilson, of Chester county, and thence was a happy wedded life. Hearing the call of his country, he enlisted in Co. A, of the 97th Pennsylvania Volunteers, at West Chester, and served three years and among the many battles in which he participated were Petersburg, Green Plains, Foster's Plantation, Drury's Bluff of Virginia, Fort Wagner, James Island, Morris Island of South Carolina.

Shawsville of this county was the scene of his lumbering operations in 1869 and he came to Curwensville in 1877 and lumbered at Bridgeport, this being his lifework. Many years was he a faithful and consistent Christian, joining the Methodist Episcopal Church during the pastorate of Rev. J. A. Wood. He was a member of the Official Board. Being a man of retiring disposition he never sought office yet was elected as a member of the Curwensville Board of Education.

Exercises were held at his late residence Wednesday 10th, at 4 p. m., by his former pastor Rev. W. V. Gano, of Jersey Shore, assisted by Rev. Joseph H. Cooke, of the Baptist church. Interment was made at Oak Hill cemetery of Curwensville after ceremonies by Noble Lodge No. 480, F. & A. M., of which he had long been a member and whom he had served faithfully as treasurer.

The survivors are the widow, their children: Mrs. Harry Emery, Philipsburg; William J., Pittsburgh; Misses Emma M., Ruth A., Ida B., all of Curwensville, these brothers and sisters: John S., Nottingham, Lancaster Co.; Howard, Denver, Col.; Mrs. Mary LeFevre, Terre Haute, Ind.; Mrs. Ella Meacham, Wise, Idaho.

Those from out of town attending the obsequies were Samuel W. Wilson, Oxford, Pa.; Mrs. L. C. Dyer, Lancaster, Pa.; Wm. P. Emery and wife and Harry Emery and wife, of Philipsburg; Mrs. Oscar Mitchell, Clearfield; Miss Julia Miller, Clearfield; William H. Robinson, wife and son, William Jr., of Pittsburgh.

Howard Spies has been housed in with a stack of grain for a couple of days.

Earl Shaffer expects to move from Ridge avenue to Lunenburg City the latter part of the week.

Harrison Shaffer, one of Blooms township's prosperous farmers, trans-

acted business in town yesterday.

Mrs. H. W. Tate of Bellefonte and sister Mrs. Mabel Hamers, of Philadelphia, are visiting at the home of Mr. and Mrs. F. I. Tate. Mr. Tate is the widow of the late Dr. H. W. Tate who died suddenly last October at his home in Bellefonte. She will also visit in DuBois and Mahaffey while here and then return to Philadelphia with her sister where she expects to make her future home.

A daughter was born to Mr. and Mrs. David Reid, near Bridgeport, Sunday, April 7.

The funeral of the late Patsy O'Laughlin was held yesterday morning at nine o'clock from the Catholic church, Rev. P. A. Lynch officiating. The deceased was aged 85 years. Her son William, who is in the U. S. service, was unable to attend the funeral. Burial was made at Grampian.

Miss Ruth Shearer left yesterday morning for Washington, D. C. where she has accepted a government position.

A daughter was born to Mr. and Mrs. Leslie Thurston, of South Side Tuesday, April 9.

Miss Porter Pyles who has been on the sick list for some time is slowly improving.

WESTOVER BRIDGE UNSAFE

The County Commissioners filed a petition in the Prothonotary's office yesterday reciting the fact that the bridge over Chest creek in the village of Westover was unsafe for traffic and asking the court for permission to place signboards at the approach, to said bridge acquainting the traveling public with the condition of said bridge and to notify those using same that they do so at their own risk. This action was taken following a report from Engineer G. A. Flink, of Harrisburg who examined the bridge for the County Commissioners after the citizens had notified the Commissioners of the dangerous condition of the bridge. Engineer Flink's report recites that the bridge was built in 1891 and that the deterioration of time and the wear and tear due to its use the intervening twenty-five years make a new bridge necessary at this point.

If the petition meets with the approval of the Court a re-inforced concrete bridge will be constructed by the Commissioners to replace the present structure.

SHRINERS' RED CROSS FLOUR STILL SELLING

San Francisco April 11—The Shriners' Red Cross sack of flour has brought \$18,000 since it started around the country from Islam temple here. Charlotte N. C., Oasis temple sold it for \$1,060 and Crescent Temple at Trenton, N. J., got \$1,150 for it. Bridgeport, Conn., and Indianapolis have both sold the same sack.

On May 3, India Temple at Oklahoma City will sell the sack at golden jubilee, and figure on getting at least \$50,000 for it. If they do, it will be the highest price ever paid for a sack of flour in Virginia city, Nev. The Red Cross sack will be taken to the Shriners' imperial council in Atlantic City next June by Potentate John D. McGulvray of San Francisco. The sack was started out by Clarence F. Pratt, historian of Islam temple.

Springtime Suggests New Curtains and Draperies

Your window makes break in the wall, through which you see the great outdoors. The break is sharp to be pleasing. Light must be mellowed for really good interior and dainty lace is best suited this end.

Consider both sides of the curtain question—inside and outside and visit our Curtain Department this week and see both the New Curtains and Draperies. In spite of shortages and transportation difficulties growing out of war conditions our curtain and drapery departments are ready to lay before you—

Home Craft Week

MARQUISSETTE CURTAINS White, ivory and beige, \$1.00 to \$7.50.	QUAKER CRAFT LACE CURTAINS Ivory, white, and ecru, \$1.50 to \$1.50.
SCRIM CURTAINS White, ivory, and beige, 75c to \$4.50.	NET CURTAINS Cluny lace trimmed, White and Arab, \$2.00 to \$3.50.
NET CURTAINS Macrame lace trimmed, \$3.50 to \$6.50.	NET CURTAINS Antique lace trimmed, \$3.50 to \$5.50.
IRISH POINT CURTAINS \$5.50 to \$9.50.	

Quaker Craft Curtain Laces

Every good housewife knows what magic change a few yards of lace or drapery material judiciously chosen will make in the appearance of the home. In our drapery department we are showing the newest things in that line.

White, ivory, and ecru, 32 to 45 inches wide, 35c, 45c, 50c, 65c, 90c \$1.00, \$1.10.

Scalloped edge border on each side, 30 inches wide, 28c yard.

A few dollars well invested in curtains and drapes works wonders and as this is the time to freshen up the home no home-lover should miss seeing the new curtains and draperies we have on display.

"THE BIG STORE"

Market Street,

Clearfield, Pa.

HOSPITAL BRIDGE CLUB MEETING

The Hospital Bridge Club held in other splendid meeting yesterday afternoon at the home of Mrs. A. I. Leitzinger on Chest street. Fight tables were utilized in playing progressive bridge. The head prize was won by Mrs. H. P. Dowler and the consolation prize by Miss Natalie York.

CAUTION NOTICE

Eleven dollars and ten cents was realized.

The committee is highly pleased with the splendid number of ladies who patronize these meetings.

Whereas, my wife, Barbara E. Peters, having left my bed and without just cause or provocation hereby warn all persons not to harbor or trust her on my account, nor pay no bills of her contracting, less compelled to do so by law. WILLARD PETERS

Mr. Wadsworth Happens To Every Business Man On His Lunch Hour!

A Very Advantageous Purchase Enables Us To Offer Extraordinary Values In Suits For Three Days Only Thursday Friday and Saturday

The head of our Suit Section said "Advertise these as 'A Rare Suit Sale' and you can't make it any to strong." These Suits were bought of a Manufacturer who had a number of odd pieces of material left from a large order and was willing to make them up at a lowered price, all silk lined and a group of newest spring styles that will surprise you for their variety and character. We've provided choice for all types. Every Suit is brand new and you will be frank to confess EXTRAORDINARY VALUES. So Thursday early in the morning they will be placed on sale.

Here Are Striking Examples of Real Values in Suits at 19.75

If your suit expenditure is limited to \$19.75 come and examine these exceptionally fine suits we offer at this price.

Serge or gaberdine, smart tweeds, coats short or medium length, some with detachable vests of white figures, coin pockets, fancy linings and well tailored. Suits that you cannot duplicate for less than \$25.00 or \$30.00. Your choice of many new models at \$19.75

Rare Values in Suits at 29.75

This group of suits demonstrates to you a sample of the unusual values this store offers to its customers. The styles of these suits are duplications of higher priced models and gives them every appearance of suits selling at a much higher price. Materials are Gaberdine, serge, Tussore and mixtures, lined with fancy silk. Every line shows fine tailoring by man-tailors, perfect styles and thoroughly in keeping with the newest fashion ideas and trimmings.

Wonderful Suits at 39.75

If you were to pay \$45.00 or \$50.00 for a suit we believe it would not be superior to these suits we are offering at this price. They are elegant, refined types possessing individuality in design and style. Fashioned of the richest materials such as silvertone, Gaberdine, fine serge, Jersey all silk lined jackets. Some have fancy vestee effects, others with satin Tuxedo collars. One of a kind—each trimmed to suit a woman of discriminating tastes and who insists on having everything of the finest.

STARTING THE LIBERTY BALL FROM BUFALO TO NEW YORK

When the Liberty Loan campaign officially began Saturday the Liberty Ball was started on its tour from Buffalo to New York. It will be wheeled the distance of 450 miles by Uncle Sam and a twin brother the Liberty Loan Committee discovered.

THE IRISH WILL FIGHT

General Pershing's list of casualties issued by the War Department yesterday reads like the roll call at an Ancient Order of Hibernian's picnic. You never have to hunt a "Mick" when a real fight is on the carpet, they are always in it. If you don't believe it, look that list over.

FRED FREEMAN OVER SEAS

John Freeman of Grantman, received a car from his son Fred, that he had arrived over-sea safe. Fred left Camp Lee March 19, 1918 and has made good in army life. He was promoted to 1st Sergeant before he left Camp Lee.

Clark Bailey, son of Mr. and Mrs. J. D. Bailey, who has been living in South Dakota for several years, is visiting his parents at the family home in Centre. Clark has been called for service in the National Army and thought he would drop in on old home friends before shouldering his rifle.

The insurance company with which Willie Hoppe has insured his hands for \$100,000, has rejected the big hard champion to abstain from playing golf and baseball.

OF INTEREST TO WOMEN

Portland, Ore. has added six women to its police force.

Paris proposes to rename one of its streets in honor of the Queen of the Belgians.

Saw mills in the Savannah district are employing negro women to do the lighter work formerly done by men.

Among the most successful business women of New York city are several who are earning annual incomes of \$10,000 or more as advertising managers.

Miss Ellen Nathalie Mathews, who has been appointed an assistant director of the Child Labor division of the United States department of labor, is a daughter of a former mayor of Boston and has long been prominent as a lecturer on economics and social legislation.

Surely This Is The Most Beautiful Neckwear We Have Ever Shown

This latest arrival in our dry goods section is the most beautiful we have ever shown. From the fluffiest lace-trimmed Georgette collar to the stiff, severely starched reefer, the showing is exquisite. In the Georgette collars there are some plainly hemmed, some double hemmed, some lace trimmed. Dainty little pique collar and cuff sets, the new gypsy ties in the daring stripes, Ascot ties, vestees in white and colors, lace and net stocks. The prices range from

25c to \$1.25

10 Yards Priscilla Nainsook \$2.50

This is an extra quality of Nainsook, 36 inches wide and comes in 10 yard pieces. Bought before the prices advanced so sharply we are selling these dress lengths at this remarkably low price.
